Invitation to the

OPENING OF THE DOCTORAL PROGRAM

„Ion Channels and Transporters as Molecular Drug Targets”

Wednesday, December 9th 2015, 09:00 – 17:00
at the Institute of Science and Technology Austria
 Raiffeisen Lecture Hall, Am Campus 1, 3400 Klosterneuburg

Schedule

- 09:00** Welcome Reception
09:15 Opening Address by Program Speaker, Steffen HERING, University of Vienna
09:25 Welcome Speech by IST Vice President, Michael SIXT, IST Austria
09:35 **“Controlling Biological Pathways with Photopharmacology”**
by Dirk TRAUNER, Ludwig Maximilian University Munich
10:15 **“Neuronal calcium channel trafficking: relationship to neuropathic pain”**
by Annette C. DOLPHIN, University College London
10:55 Discussion
11:05 Coffee Break
11:25 **“Targeted Approaches to Turning Down the Hyper-Excited Brain”**
by Terrance SNUTCH, Michael Smith Laboratories, University of British Columbia
12:05 **“Current View of Ion Channel Drug Discovery and Development in Pharma; Lessons Learned”**
by Gregory KACZOROWSKI, Kanalis Consulting L.L.C
12:45 Discussion
13:00 Lunch Break
14:00 Experience in and Expectations of a Doctoral Program (PhD students)
14:20 **“Reflections on Discovery in Science”** by Hugo KUBINYI, formerly BASF AG
15:00 Discussion
15:10 Coffee Break

15:30 Panel Discussion: “Drug Development at University: Fiction or Reality?”

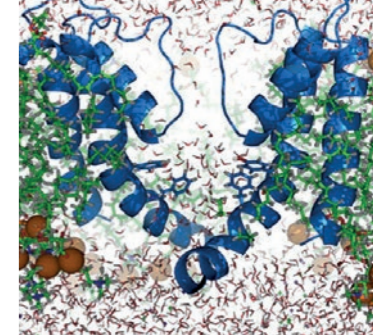

PARTICIPANTS:

- Otto DOBLHOFF-DIER (Vice-Rector for Research and International Relations, VetMed Uni Vienna)
- Gerhard ECKER (Vice Dean of the Faculty of Life Sciences, Univ. of Vienna)
- Irene FIALKA (CEO INiTS, Innovation into Business)
- Steffen HERING (Speaker of the Doctoral Program “MolTag”, Univ. Vienna)
- Christine MANNHALTER (President of the FWF for Life Sciences)
- Brigitte ROBIEN (Head of Department, Bridge Program, FFG)
- Joachim SEIPELT (Technology and Innovation, AWS)
- Oliver SZOLAR (CEO Wings4Innovation)
- Markus WANKO (Head Technology Transfer Office -TTO, IST Klosterneuburg)

Scientific Advisory Board of the Doctoral Program:

- Maria GARCIA (Vice President, Kanalis Consulting)
- Gregory KACZOROWSKI (President and CEO, Kanalis Consulting)
- Peter NUSSBAUMER (CEO Lead Discoveries, Dortmund)
- Terrance SNUTCH (Michael Smith Laboratories, University of British Columbia)

Moderation: Julia Kirchebner

**Please register for the event by
December 02, 2015:**

<http://ist.ac.at/events/symposia-conferences>

**A shuttlebus will depart from
Heiligenstadt at 8:30.**

If you would like to take this shuttlebus,
please indicate so in the registration form.
