

**MOLTAG TIME TABLE; SUMMER SEMESTER 2017**

Date	Start	Name, Affiliation
30.03.	17:00	UZA2 <a href="#">Nathan DASCAL</a> , Dept of Physiology and Pharmacology; Tel Aviv Univ., (Host: Steffen Hering) <i>Subunit-dependent variations in stoichiometry and function in G protein-GIRK signaling complexes</i>
21.04.	15:00	IST <a href="#">Raimund DUTZLER</a> , Dept. of Biochemistry, Univ. of Zurich (Host: Gaia Novarino) at IST <i>Mechanistic relationships in the TMEM16 family of calcium activated chloride channels and lipid scramblases.</i>
24.04.	15:30	UZA2 <a href="#">Margot ERNST</a> , MUW course 861.003 at UZA2, SE 2F 363, <i>Visualization and use of PDB data</i>
25.04.	15:30	
26.04.	15:30	
27.04.	16:00	
02.05.	15:00	IST <a href="#">Leonid SAZANOV</a> , Structural Biology Lectures at IST
04.05.	15:00	Lectures for MolTag students
09.05.	15:00	See: <a href="https://ist.ac.at/nc/graduate-school/courses/">https://ist.ac.at/nc/graduate-school/courses/</a> (search "Sazanov")
18.05.	17:00	UZA2 <a href="#">Emilio CARBONE</a> , Dept. of Drug Science, Lab of Cellular Physiology & Molecular Neuroscience, Univ. of Turin <i>Action potential signaling and secretion in adrenal chromaffin cells: specific roles for Na<sup>+</sup>, K<sup>+</sup> and Ca<sup>2+</sup> channel gating</i>
07.06.	17:00	UZA2 <a href="#">Hugo ARIAS</a> , Center for Research in Molecular Pharmacology; College of Medicine, California Northstate Univ. <i>Functional and structural studies on positive allosteric modulators of <math>\alpha 7</math> nicotinic receptors</i>
25.06.	17:00	UZA2 <a href="#">Laura CONFORTI</a> , Dept. of Molecular and Cellular Physiology, Univ. of Cincinnati <i>Potassium channels in T lymphocytes as therapeutic targets in cancer</i>
28./29.09.		MOLTAG RETREAT (Scientific Key Note Lecture by <a href="#">Chris AHERN</a> , Dept. of Molecular Physiology and Biophysics, Univ. of Iowa)

**OUTLOOK WS 2017**

19.10.	Guest Lecture by <a href="#">Delia BELLELI</a> , Dept. of Drug Design and Pharmacology, Univ. of Copenhagen
24./25.10.	Course by <a href="#">Bernhard RUPP</a> ; Life Science Discoveries, California
09.11.	Guest Lecture by <a href="#">Philippe LORY</a> , Neuroscience Dept., Biology of Ion Channels, Univ. Montpellier
WS 2017:	Guest Lecture by <a href="#">Heinrich TERLAU</a> , Molecular Neurophysiology, Univ. Kiel
WS 17	Journal Club at TU Vienna,
